

# Fire Escape Planner

**FIRE** can strike at any time.  
Make your home fire escape plan now.

**If a fire starts in your home, it's too late to plan your escape.**

**Follow these steps and plan how you will get out.**

**1**

Draw your home floor plan on the next page. Use the stickers provided to show the rooms and the ways out. Try to draw two ways out of every room.

**2**

Put the plan where everyone can see it. Try the fridge.

**3**

Pick a meeting place outside the home. This is where your family will meet up if there is a fire.

**4**

Practise your plan. Practice it in different situations like at night with the lights off. It can be hard to know where things are in the dark and heavy smoke can make it hard to see and breathe. Remember to crawl to avoid smoke.

**5**

Check that your smoke alarms work and keep them clean of dust and bugs. If there is a fire when you are asleep, it is the smoke alarms that will let you know to get out.

# OUR HOME FIRE ESCAPE PLAN

Our address: \_\_\_\_\_

Our phone numbers: \_\_\_\_\_

A large rectangular area filled with a fine grid of light gray lines on a white background, intended for drawing a home fire escape plan. The grid is approximately 30 units wide by 40 units high.

### Important Numbers:

Emergency (Police, Fire, Ambulance)	Triple Zero (000)
Flood and Storm Emergency Assistance (SES)	132 500
Poisons Information Centre	131 126
Hospitals and Health	13 Health (13 43 25 84)
Doctor	
Insurance Provider	
Electricity Provider	
Gas Provider	
Phone Company	
Internet Provider	

The Queensland Fire Department offers the free Safehome program to help residents understand fire safety hazards in their homes. Firefighters will visit your home and provide advice on how you can improve your home fire safety.

**Call 13QGOV (13 74 68) to book your free Safehome visit.**

One short visit is all it takes to make your home safer.
